TABLE OF CONTENTS

2008-2009 Application Guide

WARNING: The information in this manual has been carefully compiled through actual vehicle testing and manufacturers service manual research and to the best of our ability is accurate. However, we do not warrant the accuracy of this information against changes in vehicle design, the use or misuse of this information or typographical errors. It is the responsibility of the installer to verify the signal and color on the wire attachments prior to and after the installation of the accessory to assure proper operation of the accessory and the vehicle through a road test. We do not accept any responsibility for damage to the vehicle or injury to its occupants caused by the use of this information. Connection of incorrect wires could cause accessory or vehicle malfunctions and component damage. These conditions can cause a major risk while driving for you, your passengers and other motorists, exposing all of you to the risk of accident and injury.

+WARNING: Any installation of a cruise control on a vehicle that does not have clearance at the throttle for lost motion or may have interference by other parts must have the cruise control cable attached to the accelerator pedal for obvious safety reasons.

***CAUTION:** Any installation of a cruise control on a vehicle with an accelerator pedal activated switch for emissions or transmission shifting must have the cruise control cable attached to the accelerator pedal for proper vehicle operation.

RearSight® Back Up Cameras
Automatic Passive Technology Solutions

Offering versatile mounting capabilities, our back up camera systems give drivers what they've been looking for – the ability to see behind the vehicle. The results are fewer accidents, lower insurance costs and more control. Our camera systems offer a choice of features and allow drivers to have more control over their vehicles.

Rear-View Mirror with Integrated LCD Monitor

Now featuring Rear-View Mirrors by Gentex

STANDARD FEATURES INCLUDE:

- 2.4-inch or 3.5-inch TFT-LCD monitor
- Reverse override that turns on camera, even when GPS system is operating
- Easy installation
- High Resolution Display
- Auto Dimming
- 3-year / 36,0000-mile warranty

Stand-Alone Color Monitor

STANDARD FEATURES INCLUDE:

- 4.3", 5" or 7" color monitor
- Adjustable brightness (5-inch and 7-inch color monitor only)
- Versatile mounting
- GPS/DVD input

OPTIONAL FEATURES INCLUDE:

- Built-in speakers and volume control
- Reverse override that turns on camera when GPS system is operating

RearSight® Automatic Passive Technology Solutions

Automatic Passive Camera System

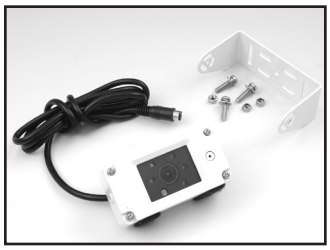
This system is easily installed and popular with drivers who place a high value on safety. Heavy duty camera also available.

STANDARD FEATURES INCLUDE:

- 150-degree wide-angle lens
- Low Lux sensitivity with automatic iris provides color and excellent depth-of-field image
- Waterproof case
- Effective operation in very low light conditions
- Easy installation
- 3-year / 36,000-mile warranty

OPTIONAL FEATURES FOR HEAVY DUTY CAMERA INCLUDE:

- Infrared capability for night vision
- Microphone for amplifier included to hear behind the vehicle



Heavy Duty Camera w/adjustable Bracket

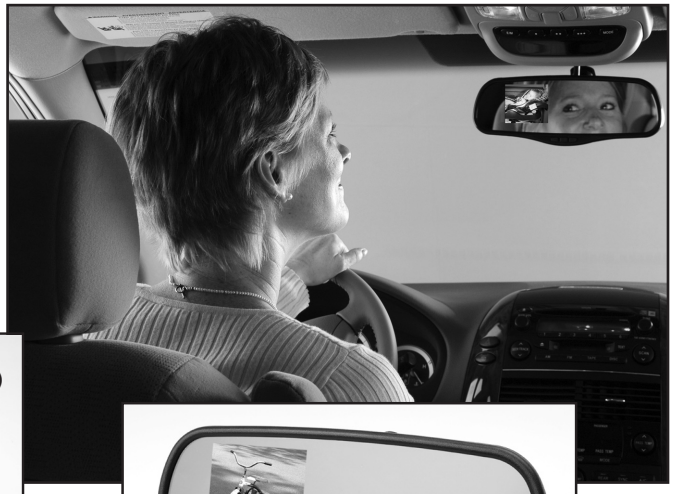
Round Camera w/adjustable Bracket

Shrouded Mini-Camera

Shrouded Mini-Camera – Truck

Interior / BabyCam® (optional accessory)

- CCD color image
- .5 Lux for Illumination
- 1/4-inch color CCD camera
- Mounts on ceiling or side panel
- Color shroud choices for interior coordination
- Wide-angle view
- 6-inch harness
- Easy installation



RearSight®
Back Up Cameras
Now Available with WIRELESS INTERFACE!

NEW!

- **Transmits audio and video up to 15 meters.**
- **No external antenna on the units.**
- **Works with all Rostra back-up cameras and monitors utilizing the RCA-type connectors for NTSC video and analog stereo audio.**
- **Resists interference by allowing the user to match the transmitter and receiver together by selecting one of four frequency bands.**
- **Eliminates the need to run video and audio signal cables from the rear of the vehicle to the dashboard or headliner.**
- **Saves time and money and reduces the possibility of damage to vehicle interior trim panels.**

NEW!

250-8530 - 6' power harness

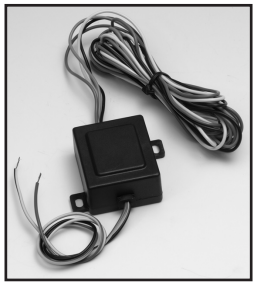
PARKPILOT®

BY ROSTRA

The cost of a parking aide is often less than the insurance deductible incurred in an accident. Protect your investment with Rostra's economical ParkPilot®.

Product Features:

- Ultrasonic Based Technology with static detection offers consistency on targets of all densities
- Sensors mounted on the bumper alerts driver to objects up to 5' behind the vehicles
- Features Dynamic Scan Memory - sensors memorize the vehicle's bumper environment on activation allowing the system to ignore detection of the spare tire or trailer hitch
- Internal adjustable high/low audio
- Multiple applications available
- 3 Year Warranty



Optional trailer recognition adapter deactivates the system when towing a trailer

250-2996

PARKPILOT®

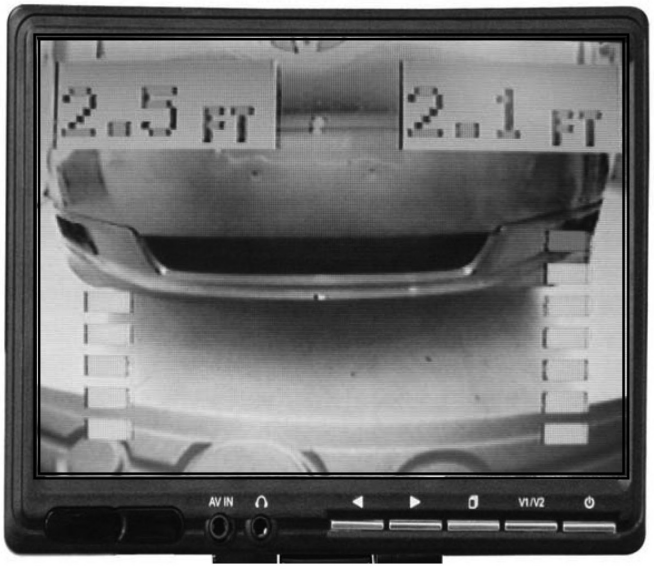
Front Parking Aid

BY ROSTRA

Product Features:

- Ultrasonic Based Technology with static detection offers consistency on targets of all densities
- Sensors mounted on the front bumper alerts driver to moving & static objects within 1 ft of vehicle
- Features Dynamic Scan Memory - sensors memorize the vehicle's bumper environment on activation allowing the system to ignore items attached to the bumper
- Internal adjustable high/low audio
- Multiple applications available for 4000 PPM vehicles only
- 3 Year Warranty

ParkPilot® Distance Indicator



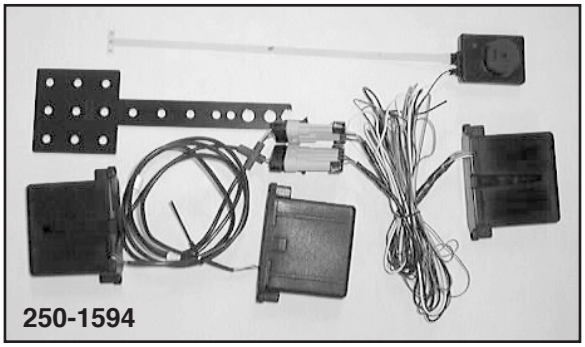
NEW!

- **Add on accessory to Rostra's ParkPilot Ultrasonic Parking Aid**
- **Works in conjunction with RearSight**
- **Provides visual display on the RearSight monitor or rearview mirror**
- **Distance Indicator changes color as vehicle approaches object**

ROSS Pro® Digital Obstacle Sensing System

MICROWAVE RADAR DETECTION

Our digital ROSS Pro offers the latest in microwave technology. The ROSS detects as far away as 12 feet behind vehicles and automatically resets itself once the obstacle is no longer detected. Our visual LED and audio warning system offers four warning zones that protect the vehicle corners. Other features include:



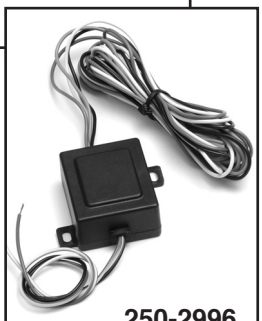
250-1594

New Digital ROSS Pro® :

- Automatically resets itself once the target or obstacle is no longer detected!
- Visual LED and audio warning with four warning zones.
- Mounts below or behind the vehicle's bumper.
- No holes in the bumper fascia required!
- Works in all weather conditions. No external cleaning or maintenance required.
- Waterproof sealing
- 3 year/36,000 mile warranty
- Optional Trailer Recognition adapter available! Automatically deactivates the ROSS Pro when towing a trailer
- Extension harness available
- Our commercial version of ROSS Pro, RearSentry, is also available for fleets and trucks
- Built and designed in the U.S.A.

Offering the latest in Microwave Technology!

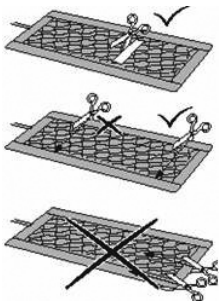
Our add-on feature allows ROSS Pro or ParkPilot to detect when a trailer hitch is in use. Once detected, the module will signal the obstacle sensing system to disarm, preventing the system from issuing a false alarm to the driver.



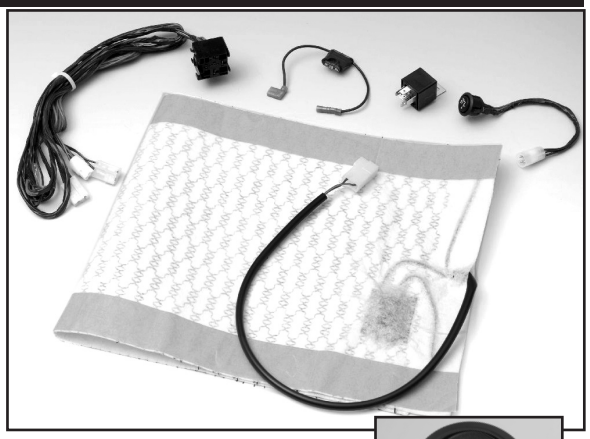
250-2996

Comfort Products & Seat Heaters

UNIVERSAL SEAT HEATER



W.E.T.'s universal seat heater with Carbotex® elements can be trimmed horizontally for center listing applications.



Model #250-1802

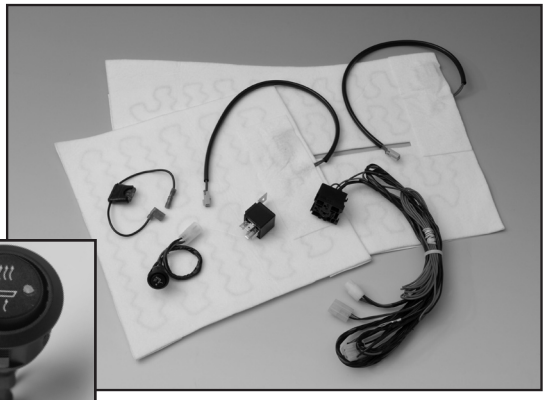
LED SWITCH

Product Features

- Mounting Hardware, Wiring Harness, Control Switch & Installation Guide
- Tested to OEM Standards with a 3 year or 36,000 Mile Warranty
- 3 Position Illuminated Switch with High/Low/Off Functions
- Perfect addition to a Leather Seat Upgrade
- Rapid Heat-Up Time, feel comfort in less than 1 minute with even heat distribution
- Carbotex® elements can be cut horizontally for center listing applications
- Large elements provide more heat to the thigh area (25.5"L x 11.5"W)
- Separate Temperature Safety Sensors for cushion and back
- Elements for even heating and continual temperature monitoring
- Combine with a Lumbar Support for optimum seating comfort

CUSTOM RESISTIVE WIRE SEAT HEATER

Custom Heated Seats for 2007-2008 Toyota Camry LE, Camry and other center listing vehicles



Model #250-1816

LED SWITCH

Product Features

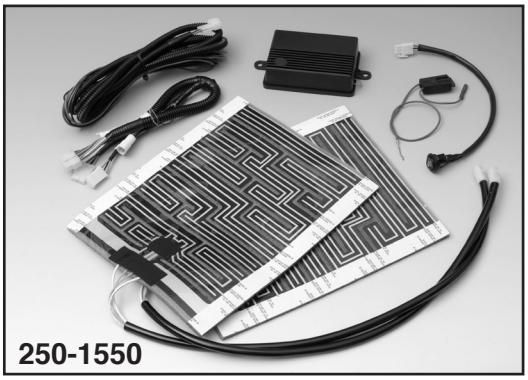
- Tested to OEM Standards with a 3 year or 36,000 Mile Warranty
- 3-Position Illuminated Switch with High/Low, Off/On Functions
- Rapid Heat-Up Time with even heat distribution
- Separate Temperature Safety Sensors for cushion and back elements for even heating and continual temperature monitoring
- Resistive Wire Elements
- Custom Designed especially for '07-'08 Camry LE, however the seats are universal in design

This kit is designed to be universal, however, prior to installing the unit, please inspect the seat construction. This unit cannot be installed on vehicles if the fabric is bonded to the seat foam or if the fabric is held in place in the middle of the cushion with metal rings or metal rods. If these objects contact the heating element, the application is not recommended.

Comfort Products
Seat Heaters & Lumbar Support

Innovation in Comfort Seating Technology!

Comfort Heat® by ROSTRA — Universal Seat Heater



250-1550

PRODUCT FEATURES:

- 3 Year or 36,000 Mile Warranty
- 3-Position, Illuminated switch High/Low, Off/On
- Perfect addition to a leather seat upgrade
- Rapid heat-up time; feel comfort in less than 1 minute
- Separate temperature sensors for cushion and back elements for even heating and continual temperature monitoring
- Combine with a Comfort Seat™ Lumbar Suppport for optimum seating comfort
- Custom kits with OEM Switches available for Toyota vehicles

LED SWITCH

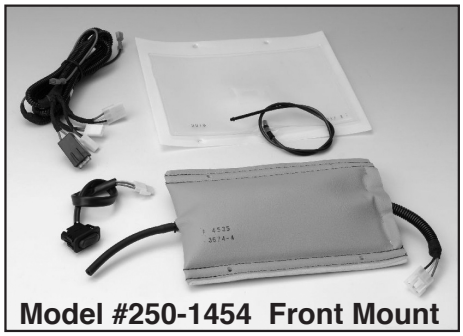
This kit is designed to be universal, however, prior to installing the unit, please inspect the seat construction. This unit cannot be installed on vehicles if the fabric is bonded to the seat foam or if the fabric is held in place in the middle of the cushion with metal rings or metal rods. If these objects contact the heating element, the application is not recommended.

Comfort Seat™ Universal Lumbar Support

PRODUCT FEATURES:

- 3 year or 36,000 mile warranty
- Ergonomically designed control switch
- Driver adjustable inflation levels
- Orthopedic Design
- Sound dampening pouch minimizes noise
- Perfect addition to a leather seat upgrade
- Combine with a seat heater for optimum seating comfort
- Superior to mechanical lumbar supports

Adjustable Pneumatic (Rear Mount) Support Bladder
Electric Pump and Valve Asssembly
Wiring Harness Assembly
Adjustable "Rocker Style" Switch



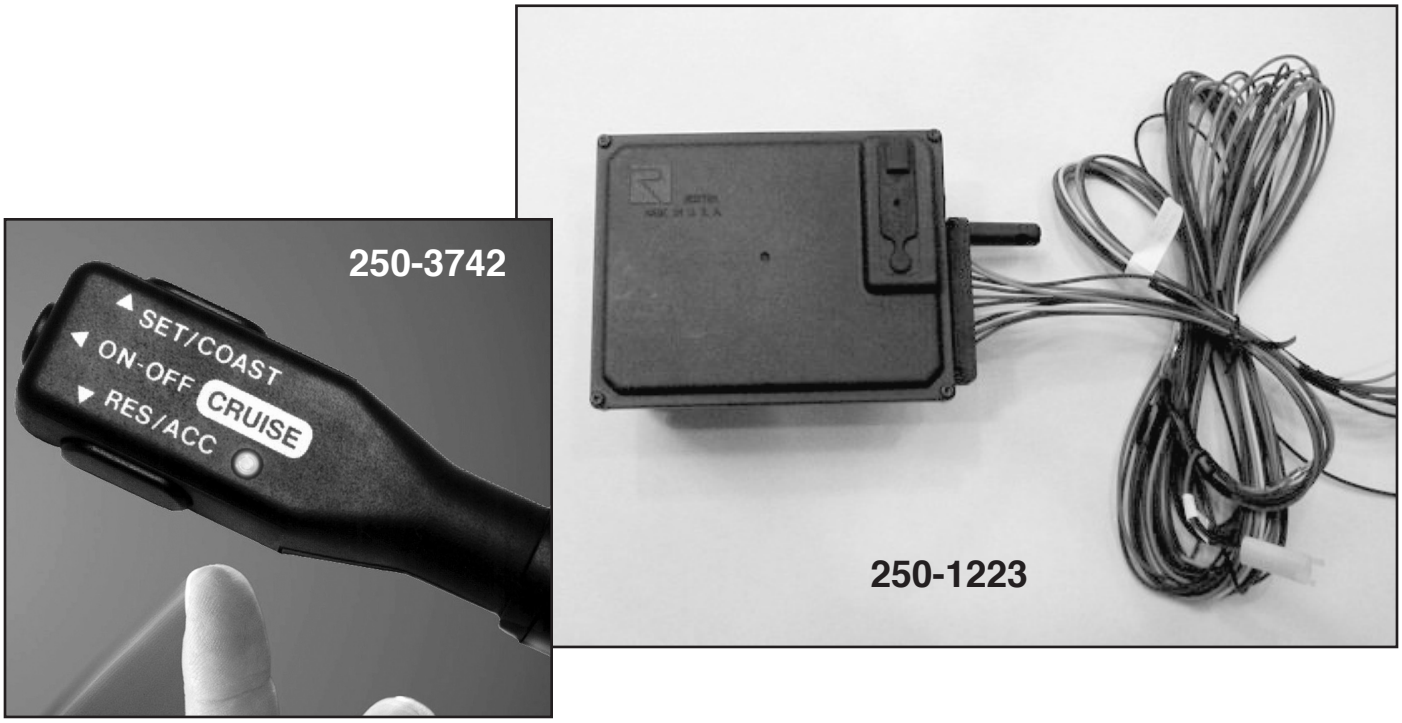
Model #250-1454 Front Mount

Model #250-1453 Rear Mount

This kit is designed to be universal, however, prior to installing the unit, please inspect the seat construction to determine if you will need a front or rear mount lumbar prior to installing the unit. Front mount is installed between the foam and upholstery. Rear mount is used when the upholstery has been glued (bonded) to the foam and requires the bladder to mount behind the foam.

Global Cruise® Cruise Control System!

All the Features of Original Equipment . . . and More!



Improved Operation

- Set Speed
- Coast/Reduce Speed
- Resume/Accel
- Tap-Up, 1 MPH per tap
- Tap-Down, 1 MPH per tap
- Controlled Resume Rate
- Closer, More Accurate Control of Set Speed

Enhanced Adaptability

- Works with 3, 4, 5, 6 or 8 Cylinders
- Select ECM, AC Generator, Magnets, or Pulse Sender as Speed Signal Source
- Select Square or Sine Wave Speed Signal Source
- Quiet Operation allows more mounting locations
- Select Acceleration Rate
- Select Gain Control
- Select Manual or Automatic Transmission
- Select *Open Circuit* or *Closed Circuit* Engagment Switches

Enhanced Features

- Modular Design
- Removable Wiring Harness with Locking Device
- Redesigned Water Sealing
- Neutral Safety Switch (NSS) Compatible
- Cruise Engaged Output (Ground Signal when engaged
- Self Diagnostic

Easier Installation

- No Vacuum required
- Lost Motion built into the cable
- Smaller Module
- Single Unit Mounting
- New Connectors with positive contact and lock
- No Clutch Switch needed (except diesel)
- In-Line Fuses are closer to module
- VSS (Vehicle Speed Sensor) wire already in harness
- Additional throttle hardware included in kit
- Compatible with neutral safety
- Compatible with distributorless ignition systems
- Compatible with direct fire ignition systems

Complete Instructions

Included in each kit are the most comprehensive manuals you have ever used. Extensively illustrated. Technical enough for professionals, yet basic enough for home mechanics. An *Installation/Owners' Manual* with complete operating instructions and detailed installation, testing and trouble-shooting instructions. A *Technical Information Guide* lists current applications, wire attachment locations and wiring color codes, ECU interface diagrams, and signal verification methods.

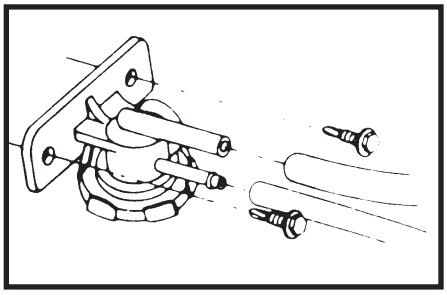
250-3421 "Standard" Adjustable Angle
250-3446 "Standard" Right-hand Mount, Adjustable

SUBSTITUTION CHART

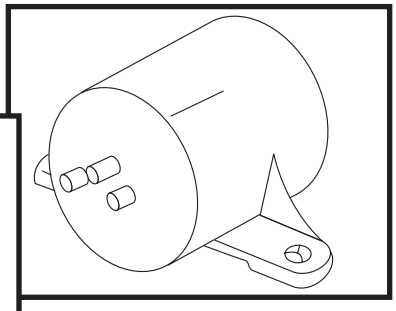
250-3091 and 250-3126, *OEM styles* without Wiper Delay may be used interchangeably.
250-3180, *OEM styles* with Wiper Delay may be used interchangeably.
250-3358, *OEM "Open Circuit" styles* without Wiper Delay may be used interchangeably.
ALL Import and Universal Styles are interchangeable or may be used in place of specified OEM engagement switch.

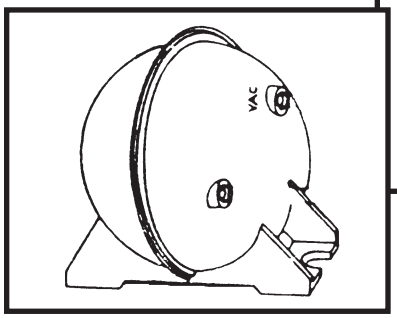
VACUUM REGULATORS & RESERVOIRS



250-4115
Vacuum Regulator on cars, trucks or vans that have engines with vacuum pumps. Reduces constant high vacuum output allowing Speed Control Servo to operate as intended.

250-3417





250-6019

Vacuum Reservoir may be required on some engines that do not create sufficient vacuum when subjected to heavy loads, upgrades, headwinds or during acceleration. Under these conditions the speed control may be very responsive when the "resume" or "accel" feature is used. The vacuum reservoir can be mounted in the vacuum source line to store vacuum until it is needed to operate the servo.

Acura thru Cadillac

1997-09 VEHICLE APPLICATIONS

WARNING: If vehicle is not listed, installation is not recommended. Improper and/or non-recommended installations could result in damage to the vehicle and/or injury to the occupants.
